

# OIDC certification

[roland@sUNET.se](mailto:roland@sUNET.se)

# OpenID Foundation

The OpenID Foundation (OIDF) **promotes, protects and nurtures** the OpenID community and technologies.

55 corporate members

~200 individual members

# Self-certification

- OI DF decided to depend on self-certification
- Anyone can certify, minor fee.
- Everything is public
- Started April 2015

# What can be tested?

- OpenID Connect Provider - instance
- Relying Party library

# Certified so far

- 50 OP instances
- 16 RP libraries

# But, tested so far

>1000 OP instances

# Around the corner

- Specialised testing - protocol profiles
  - FAPI
  - iGov
  - HEART
  - OIDC Federation
  - JWT

**Never ever use or buy  
something OIDC that  
isn't certified !!!!**
